

Fort Graham Texas March 9th 53
 Mr Sterling C Robertson sir

you note i Reciev
 A few days ^{ago} in Regarde to 640 Aers that
 I wish to buy i have since Examind the
 upper line of I find it Runs much lower than
 it was pointed out to me i finde there would
 not be more than 125 aers of valey land &
 Half mile front on the River would give me
 no Prail timber or Live wood & the way the
 line Runs throws the vally ^{through} it in a very loose
 shape & spoiles the vally above it i would
 prefer comencing say below the upper corner & Running
 Pruning Strate out to the Hill so as to leave
 it the more in a square & throws the
 land above in a better shape i shall be
 Absente some time as i expect to start for
 Houston in a few days i think you would
 finde it to you interest to come over here
 I will be at Home from the 5th of Aprile on
 & would be glad to see you here i should like
 to see you here say the 10 of Aprile i think there
 is a very good chance to sell me some of your
 lands nothing more

Respectfully yours &
 John J Greenwald
