Cherokee City Texas

Mr Sterling Hobson;

You will please forward the necessary information about the land at H. Graham to me at this place - I left Austin some six or eight days after I saw you, and my business in other parts, would not allow of my return by your house - I presume, that by this time, you are prepared to give me a definite answer on both my propositions - I would like to get a charter for my School this Legislature. Your early attention to this will be thankfully recd, and properly appreciated.

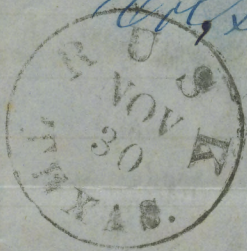

Very respectfully yours &c

E. H. Wiley
