

Fort Graham December 6/52

Mr S C Probertson

Thinking perhaps you
might not get news before my time
expire: I have decided to write you in regard
to some fencing that I have made about
the garden stable lot & garden at
my house. I think I should be paid
for those rails: My fence was extremely
high, & those rails to have been sent to
me, & all is blame is a fair value for
them as most of them were got on
the sea above the fort: I can sell
them but will wait until I hear
from you.

Please ask Mr Pringon if
he has collected the fee I gave him
on Davis near Belton is so send
my you or permit my mole

Yours & John Greenwade

For I have made
