Dear Robison

Dear Sir Mr Kelly Esq  
will write to you on the subject of a piece  
of Land out where old man Rich wanted  
to Buy he is a Gentleman and a Good man  
any thing you could do for him would be highly  
appreciated I think that the Land injured after  
is on the upper Leap and in that Connection  
has that matter Bin settled between you and  
Isen and if so will you cut it up and sell  
It provided that you have Gained the Land  
write me also about whether I shall sell  
Lots or not I forgot to ask you that question  
I thought probably that as the Land is in litigation  
that you mite want to hold up - then has  
Bin and may in this quarter to Buy Lands

around Fort Escham But soon to  
sell them I wish that we could make  
some arrangement to settle the emigration  
in this quarter It is hot & Dry in this  
quarter Corn crop will be cut of half  
what a Dry County I would recstate in  
regards Corn Crop that all early corn will make  
half crop the late corn will be a failure  
times get hard money scarce nothing strange  
in that yours Truly
