Col Robeson

Dear Sir

I am Requested by Mrs Johnson that she has \$400 ready for you. whether she intends paying you is a question between me & you she seems to think that she ought not to pay you until the suit is decided & suppose that she has been advised so but make her a deed. she seems to think that she must have a deed if she pays the money then would be nothing coming in that for the deed should hold until paid for if you wish me to attend to write me immediately for I shall be down there soon and if not I can send you a check for the amt there is nothing new in this quarter the Indian excitement has passed - Crofs Look Liable will but needing rains very much at this time and good rains would make the corn I have been sick for some time & just out of bed & am growing faint & must close

Yours
 Truly
 Yours
